TERRITORY MANAGER: Precision Drive & Control is a leader in electrical and industrial sales and electric motor repair. The ideal candidate is self-motivated, goal-oriented and driven to exceed expectations. It is also important to be organized, have excellent verbal, written communication, and presentation skills as well as the ability to establish rapport with a wide variety of industrial customers. 2+ years' experience managing a sales territory, 1+ years of experience prospecting and generating leads through cold calling, valid driver's license, insurance, and access to reliable transportation required.

PROJECT MANAGER: The PDC Project Manager is responsible for planning, coordinating, and delivering project scopes safely, efficiently, and profitably while meeting or exceeding client expectations. This role serves as the project team's central point of accountability—aligning people, resources, schedules, and budgets to ensure successful project execution from kickoff through closeout. The Project Manager serves as the leader of the project team and is responsible for problem-solving. They proactively manage risks by fostering collaboration among internal teams, subcontractors, vendors, and clients to ensure effective communication and delivery of quality, safety, progress, and financial performance. This role transforms plans into results, challenges into solutions, and commitments into completed, profitable projects through industry-best PM practices. Bachelor's degree in Construction Management, Engineering, Business, or a related field; or equivalent work experience and 5 years Industry-related experience preferred.

MATERIAL HANDLER: Under the direction of the Warehouse Manager, establishes and maintains Materials operations, all the tasks involved with smooth daily operations of the warehouse. High school diploma/GED, ability to see in full color, valid driver's license, and basic computer skills required. Experience in warehouse and valid CDL is preferred.

STAFF ACCOUNTANT: The Staff Accountant is responsible for supporting the accounting department by maintaining financial records, preparing reports, performing account reconciliations, and assisting with the monthly and annual close processes. This role ensures the accuracy and integrity of financial data while maintaining compliance with company policies and accounting standards. The Staff Accountant will work closely with the Controller and other departments to support financial operations and reporting.
